Sledge hammer

Product reference

5200-6

Certified Beech Wood Handle Sledge Hammer 6kg /52006CM

Brand

Bellota

EAN code

8414299121605

Use

You'll be the demolition king, nothing will stand in your way!

Bullet points

Strike with ease. High quality forged steel with homogeneous hardening and tempering.

Will not break, warp or wear. Equally reliable and safe: perfect head-to-handle fit.

You won't find a PEFC certified beech handle like it. Patented fibreglass wedge joint.

Description

Professional sledge hammer with forged steel head (hardness control in the striking areas). PEFC certified beech wood handle.

Patented fibreglass wedge joint guarantee (safety). For demolition and striking works.
