

FOR CONSTRUCTION / MASONRY / TROWELS /
Trowels

Product reference
5919-18 CC BIM

Belgium model trowel with bi-
material handle 180mm /
591918CCBIM

Brand

Bellota

EAN code

8414299624168

Use

Prepare cement and mortar and apply it to construction supports. It won't let you down.

Bullet points

Prepare the cement mixture and spread it with the confidence that the trowel will never break.
Will last a lifetime. Forged in a single piece and manufactured in special Bellota steel. Heat treated.
It won't wobble. Perfect fit between blade and ergonomic bi-material handle, smooth to the touch. Greater comfort.

Description

Professional Belgium model steel trowel, forged in one single piece, maximum durability and total guarantee against breakage (unbreakable). Differentiated heat treatment on blade and key, no breakage, no deformation and no wear. Perfect handle-key joint. Bi-material handle with forefinger guard, maximum control and ergonomics. For plastering and masonry work.
